ENGINEERING

- PHP, Node, TypeScript, React, Next.js, n8n, Nginx, Cloudflare, CI/CD

AI SOFTWARE BUILDER · FOUNDER & GLOBAL CEO

Noor Mohammed Rizwan Mohammed

Founder & Global CEO of **Webnet**. 22+ years in the IT industry, shipping production AI systems — LLM integrations, RAG pipelines, AI agents, and a family of seven AI-native SaaS products across the UAE and Sri Lanka.

- 22+ YEARS IN IT
- 7 AI SAAS MODULES
- 2 GLOBAL ENTITIES
- 90+ LIGHTHOUSE FLOOR

01. PROFILE

An **AI-native software builder** with two decades in the field. I lead Webnet — an AI-native digital product ecosystem with entities in the UAE (Webnet FZE) and Sri Lanka (Webnet (Pvt) Ltd) — and ship production AI systems for operators worldwide. Every project ships AI as a first-class layer: LLMs, RAG, agents, evals and cost controls, owned end-to-end. Featured Speaker at the **Global Business Summit 2026** (Klang, Malaysia), hosted by Global Triumph Foundation, ASEAN and the BRICS ASEAN Chamber of Commerce.

02. AI CAPABILITY MATRIX

- LLM Integration** (4/5): OpenAI GPT-4o/5 · Claude Sonnet, Opus · Llama · Mistral · multi-model routing.
- Retrieval-Augmented Generation** (5/5): pgvector · Qdrant · Pinecone. Hybrid search, reranking, citation tracking.
- AI Agents & Tool Use** (4/5): Function calling, planning loops, agentic n8n workflows, tool orchestration.
- Prompt Engineering & Evals** (4/5): Golden datasets, regression suites, LLM-as-judge, production A/B testing.
- AI Cost Engineering** (4/5): Cost-per-request monitoring, semantic caching, model routing, rate-limit design.
- AI-Hardened DevOps** (4/5): GPU / inference deployment, observability, Nginx, CI/CD, prompt-injection defence.

CURRENTLY

- **Founder & Global CEO**
Webnet Group
- **Managing Director**
Webnet FZE · UAE
- **Managing Director**
Webnet (Pvt) Ltd · Sri Lanka

- **Lighthouse 90+**
Engineering benchmark · every public build

EDUCATION

MSc Information Technology
2024 · Accredited University

BSc Information Technology
2020 · Accredited University

PHILOSOPHY

Consistency + calm leadership + continuous learning = long-term success.

03. TRAJECTORY · 2020 → 2026

- 2020** • **Founded Webnet**
Launched the digital agency that would grow into a global product ecosystem.
- 2021** • **Early AI Integrations**
Wired third-party AI APIs into client products before mainstream LLMs — sentiment classifiers, intent routing, content generation. Shipped bespoke web applications and dashboards at 90+ Lighthouse.
- 2022** • **Scaled DevOps Stack**
Standardised VPS, Nginx, SSL, and hardened deployment pipelines.
- 2023** • **Built BizHost.cloud**
Hosting OS — servers, deployments and managed SaaS operations under one control plane.
- 2024** • **Launched Bizlink & BizChat**
Reputation OS and Chat OS — AI review responses, business chat, automation.
- 2025** • **Shipped Posbiz ERP**
POS + operations module that closes the loop for SMBs running on Webnet.
- 2025** • **Launched Webp.media**
AI-powered image optimisation SaaS — bulk convert + compress to WebP with ~90% size reduction for faster sites.
- 2026** • **Launched WebAI Build**
AI Build OS — AI-powered platform for shipping production websites and SaaS at speed, with the Webnet stack baked in.
- 2026** • **Launched eProfile.bio**
Profile OS — premium personal-profile and digital-business-card platform. Powers rizwan.ceo itself, plus executive and founder profiles across the Webnet client base.
- May 2026** • **Featured Speaker · Global Business Summit**
Invited speaker at the Global Business Summit 2026 (Klang, Malaysia) — hosted by Global Triumph Foundation, ASEAN and the BRICS ASEAN Chamber of Commerce.
- 2026 → Future** • **Global CEO**
Scaling the Webnet product family across UAE, South Asia, and beyond.
